

Changing Perceptions

As a member of the Guild for the Blind's Young Professionals Board, you will be changing what it means to live with vision loss by helping our members achieve their goals.

And, you will be realizing your goal of making a difference, improving your leadership skills, changing the world, expanding your social circle, getting more involved...

Changing what it means
to live with vision loss

Guild for the Blind
Focused on You

Guild for the Blind

Career Counseling and Professional Development help our members find fulfilling careers that match their interests and talents

Everyone has a unique view of the world. At the Guild, we see a world of opportunity. Every person with vision loss has unique talents and goals, and our mission is to help our members focus on their abilities and make the most of their dreams and lives. Together, we are changing what it means to live with vision loss.

Young Professionals Board

Classroom and individual instruction in the latest adaptive technology keeps our members connected

The Young Professionals Board is a group of young adults who want to help Guild clients achieve their dreams. Board members provide public relations and marketing support to the Guild to help raise awareness of our work, program support through volunteer work with our members and fundraising support through special events.

The Guild's Young Professionals Board was established in 2007. Now is a great time to join and be involved in the development of this new and exciting group!

Start Making a Difference

Educational and training workshops provide our members with the tools, training and hope they need to stay independent and active

To be an active member of the Young Professionals Board, you simply make a donation of \$50 to the Guild, commit to raising an additional \$50 through the Guild's fund-raising activities, and provide two hours of volunteer service each quarter.

If you are interested, simply fill out the application and return to:
